

“Clean Sri Lanka” Project – Repositioning Sustainability with a Vision

“Beautiful Island, Smiling People”

H.E. the President of Sri Lanka launched “Clean Sri Lanka” project on 01 January 2025, with the objective of ensuring a cleaner physical environment and a nationwide moral commitment to enhance ethical principles. The Clean Sri Lanka Project is a nationwide initiative aimed at enhancing the Sri Lankan image into a cleaner, greener, and more sustainable country.

Clean Sri Lanka program will be built on a sustainable framework consisting of three pillars; Economic, Social and Governance (EESG), to address the overarching objectives of this strategic plan with specific stakeholder goals, actions, time lines and outcomes.

The Presidential Task Force consists of 18 members has been established with tasks of Planning, guiding, implementing, reviewing the progress, and completing the “Clean Sri Lanka” program within a given time frame aiming to achieve the objectives.

➤ Four Objectives of “Clean Sri Lanka” project
